Candidate Motivation Report

Name

Mr Sample Candidate

Date

> Candidate Motivation Report

Introduction

This report describes the factors that are likely to have an impact on your motivation at work.

It provides a high level summary of your motivators and demotivators followed by more detailed information on what is likely to motivate and demotivate you at work.

This report is based on your responses to the Motivation Questionnaire (MQ). The accuracy of this report depends on the frankness with which you have answered the questions as well as your self-awareness.

This report has a shelf-life of 18-24 months. If there are major changes in your life or work you should complete the MQ again.

Summary

Your key motivators and demotivators are summarised below. Typically, focusing on areas that are highly motivating or demotivating is most effective.

Highly Motivating

Highly Demotivating

Moderately Motivating
Competition Personal Principles

Moderately Demotivating

Highly Motivating

You have indicated that you have no highly motivating areas.

> Moderately Motivating

The following are likely to **moderately motivate** you:

Competition	Motivated by being benchmarked and compared favourably with others.	
Likely Positives	Likely Negatives	
<ul style="list-style-type: none"> • Doing better than others is likely to energise • Beating targets could be quite motivating • Likely to enjoy an environment that encourages competition 	<ul style="list-style-type: none"> • Lack of a competitive culture could be frustrating • A lack of comparison with others may demotivate 	

Personal Principles	Motivated by being able to uphold ideals and conform to high ethical and quality standards.	
Likely Positives	Likely Negatives	
<ul style="list-style-type: none"> • Likely to focus on producing work that is of a high standard • Probably keen to see alignment between personal values and those of the organisation • Is likely to place a high value on the organisation working ethically 	<ul style="list-style-type: none"> • Being asked to compromise personal ethical standards is likely to demotivate 	

Highly Demotivating

You have indicated that you have no highly demotivating areas.

> Moderately Demotivating

You have indicated that you have no moderately demotivating areas.

> Little or no impact

These are the areas likely to have little or no impact on your motivation:

Level of Activity	The extent to which someone is motivated by having lots to do, working under time pressure and getting work completed.
Achievement	Achievement is about the extent to which someone is motivated by being given challenging targets and feeling that their abilities are being stretched.
Fear of Failure	Fear of failure is about the extent to which someone is motivated by the need to avoid failure, criticism and the loss of self-esteem.
Power	The extent to which someone is motivated by having opportunities for exercising authority, taking responsibility, negotiating and being in a position to influence others.
Immersion	Immersion is concerned with the extent to which someone is motivated by work which requires commitment beyond normal working hours.
Commercial Outlook	Commercial outlook deals with the extent to which someone is motivated by revenue and profit.
Affiliation	Affiliation is concerned with the extent to which someone is motivated by opportunities for interaction with other people in their work.
Recognition	The extent to which someone is motivated by praise and other outward signs of recognition for their achievements.
Ease and Security	Ease and security is the extent to which someone is motivated by such things as having pleasant working conditions and job security.
Personal Growth	The extent to which someone is motivated by opportunities for further training and development, and the acquisition of new skills.
Interest	The extent to which someone is motivated by work which provides variety, interest and stimulation.
Flexibility	The extent to which someone is motivated by the absence of clearly defined structures and procedures for managing tasks.
Autonomy	The extent to which someone is motivated by being given scope to organise their own work.
Material Reward	The extent to which someone is motivated by financial rewards.
Progression	The extent to which someone is motivated by having good promotion prospects.
Status	The extent to which someone is motivated by outward signs of position and status, and recognition of rank.
